- **"Placeholder Page" project documentation** - August 2017
<https://github.com/bdsexton/placeholder-page/blob/master/README.md>

Video Productions

I made a short screencast showing how to add Markdown support to WebStorm, a popular web development tool from JetBrains. I mainly made it as a test and a proof of concept, so I have posted it without editing or embellishments.

"JetBrains IDE Extensibility - Adding a PhpStorm Feature to WebStorm" - April 2018

I have also uploaded several videos I made for my Radio-Television-Film (RTVF) classes at SJSU. I have collected them in a playlist for easy access.
